

12. The compressed gas gun according to claim 11, wherein releasing the trigger deactuates the solenoid to selectively allow compressed gas to bias the slider to a cocked position.

REMARKS

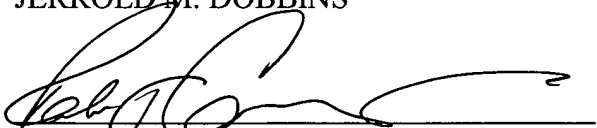

Claims 1-12 are pending. Claims 1-3 have been canceled. Minor amendments have been made to claim 4 for clarity. No new matter has been added.

If any additional fee is found to be due in connection with this preliminary amendment, authorization is hereby provided to charge the fee, or credit any over-payment, to Deposit Account No. 50-0573.

Respectfully submitted,
